.. any presence you have at Dimock would be appreciated.

I am planning to be onsite most of the week at Dimock the next week (6/25).

We should discuss July...Let me know your ideas. we are working toward a data roll out on 7/15. A site demobe by 7/31 and a site closeout on 8/31.

I also need to tweak the costs on the current AM amendment. I will send you my thoughts on that later today.
